

## Notes for My Suffering

Don't forget to include examples of topicalization. They look like this:

- (1) Topicalization from sentential subject:

a John<sub>i</sub> [a kltukl [el l-oltoir er ngii<sub>i</sub> a Mary]]

**R**-clear COMP **IR**.3S-love P him

John, (it's) clear that Mary loves (him).

## How to handle topicalization

### Mood

Mood changes when there is a topic, as well as when there is WH-movement.

*Irrealis* is the mood when there is a non-subject topic or WH-phrase in Comp.

*Realis* is the mood when there is a subject topic or WH-phrase.
